## INSIDE Public Accounting Announces 2016 Fastest-Growing Firms

Carmel, Ind. (October 3, 2016) – INSIDE Public Accounting (IPA) is pleased to present its annual ranking of the fastest-growing public accounting firms.

IPA ranks fastest-growing firms by organic growth, defined as growth in net revenues over the previous year excluding mergers and acquisitions.

The biggest jump in organic growth in the Over \$5 Million category – at a startling 70% – was **AC Lordi** of Malvern, Pa., which specializes in CFO services concentrating in the life sciences, manufacturing and distribution, and professional services industries. Pasadena, Calif.-based **KROST CPAs and Consultants** followed with 66.3% organic growth. Rounding out the list is No. 10 **Flaherty Salmin** of Rochester, N.Y., at 21.0%.

In the Under \$5 Million category, organic growth ranges from 84% at the top – No. 1 firm **LLM&D PSC** of San Juan, Puerto Rico, to 15% organic growth for three firms: **Wagner Duys & Wood** of Bethesda, Md., **Grant Bennett Associates** of Sacramento, Calif., and boutique firm **PIASCIK** of Glen Allen, Va.

“The 2016 fastest-growing firms are diverse, with different specialties and different approaches to growth,” says Kelly Platt, principal of The Platt Group, the publisher of IPA. “One commonality is that they are anticipatory, always looking ahead to predict problems their clients may be facing and finding ways to help them succeed.”

Additional analysis, including a look by region, can be found in the October issue of INSIDE Public Accounting. If you are not a subscriber, [become one today](#).
